# OFS Series:

## ROUND YOKE MOUNT AREA LIGHTS!

Williams Outdoor introduces the OFS Series–Round Yoke Mount Area Lights. Designed to fit a 3" tenon or pole, the sturdy yoke mount supports a reinforced spun aluminum housing and cast aluminum door. Easy-access features include locking hinges for hands-free relamping and a rotatable reflector for distribution alteration on-site.

### SPECIFICATIONS:

- HOUSING – One-piece spun aluminum housing, .100" wall thickness, with internal reinforcement and component bracketing.
- DOOR – Cast aluminum hinged door fastened using stainless steel hardware.
- LENS – Clear, .187" thick high-impact, heat-resistant tempered glass flat lens, secured with retaining clips, sealed with silicone.
- ELECTRICAL PACKAGE – PSMH: Rated -20°F minimum starting temperature. HPS: Rated -40°F minimum starting temperature.
- REFLECTOR – Precisely formed MIRO® 4 segmented reflector secured with thumb screws. The reflector can be rotated in 90° increments allowing orientation to be altered on-site.
- FINISH OPTIONS – Super durable polyester powder coat meets and exceeds AAMA 2604 specifications for outdoor durability.
- MOUNTING – Yoke mount consists of two parallel 1" O.D. aluminum tubes formed and welded to a cast aluminum door and slip fitter. Fits 3" O.D. x 3" tenon or pole top.
- LABELS – cCSAus certified as luminaire suitable for wet location.
- This fixture is proudly made in the USA.
